Providing positive experiences in nature
• Regardless of the lesson choice, our first priority is to make sure students feel comfortable and safe. Each day we hope to increase the comfort level students and adults have in natural settings.

Discovery first, discussion second
• Students will be exposed to local ecosystems and biodiversity with hands-on activities with authentic materials. Their discoveries and questions will be tied back to lessons in school and the organisms that live in their backyards.

Small student to naturalist ratios
• In order to provide hands-on experiences without harm to our local natural resources, small groups of 8-10 students per naturalist are key. This also allows us to follow student interests and provide personal attention to each student.

Training for adults (teachers and parents)
• Parents, teachers and other adults in the lives of students are the ones with the real power to expose children to nature on a regular basis. Cincinnati Nature Center provides training for these adults on how to take children outside for learning opportunities.

What we appreciate from teachers who work with us:
• Coming prepared to enjoy and experience nature with their students
• Willingness to bring more than the minimum number of chaperones
• Open communication of any changes before the trip arrives
• Encouraging students to pack lunches with minimal waste
• Looking for more ways to become involved with Cincinnati Nature Center (trainings, schoolyard programs, membership, etc.)

Join the Nature Center’s teacher facebook page to receive updates on programs, nature fun facts and activities for your schoolyard by clicking HERE.
program OPTIONS

Hike-Based Programs
Local Plants and Animals, What’s For Lunch, Nature Sparks, Inquiry Outdoors, Under Our Feet, Maple Sugaring
- Kindergarten and older
- $7/student*
- 20-80 students/day (varies by lesson plan)
- Up to 3.5 hour program time
- Explore the lesson plan in naturalist-led small groups throughout the day
- Optional time in the Marge & Charles Schott Nature PlayScape at the end of the program

Nature PlayScape-Based Programs
Nature PlayScape-Based Short Hike Program
- Preschool and older
- $6/student*
- 20-65 students/day
- 3 hour program time
- Split time between a discovery hike with a naturalist and outdoor PlayScape exploration

Nature PlayScape only
- Preschool and older
- $5/student*
- 20-65 students/day
- 2 hour program time
- Students freely explore the Nature PlayScape; a roaming naturalist will be present

*Teachers that schedule more than one field trip experience for their students in one year will receive $1 off per student for their second field trip (and beyond).

Partnership Opportunities with Cincinnati Nature Center
Cincinnati Nature Center would like to start building stronger relationships with teachers and schools who love the outdoors. If you’d like to extend beyond a single field trip to include training for teachers, schoolyard programming for students, schoolyard consultations or additional field trips in the same school year, contact Melissa Sabo at msabo@cincynature.org.

### Legend:
- 20-65 Students per Day
- 20-80 Students per Day

### Maple Sugaring
- Photosynthesis, how animals and humans use sap, process from sap to syrup

### Nature Sparks
- Experience being in nature, using senses to explore nature and hikes, games and nature activities

### Local Plants and Animals
- Local species, adaptations, habitats/microhabitats and life cycles

### What’s for Lunch
- Food chains and webs, ecosystem interactions, niches and adaptations specific to “eat or be eaten”

### Under Our Feet
- Decomposition, soil composition, fossils and weathering/erosion/deposition

### Inquiry Outdoors
- Practical application of the scientific method and hands-on investigations, from observation to analysis

4  | www.CincyNature.org
In an effort to deepen relationships with tristate teachers, Cincinnati Nature Center offers a variety of teacher programs. Please visit www.CincyNature.org and click on the “Education” tab and then “For Teachers.” Contact Melissa Sabo for specific dates, times and topics at (513) 831-1711, ext. 138 or msabo@cincynature.org. Subscribe to our teacher e-newsletter to receive updates or join our teacher Facebook group for natural history posts and program announcements.

**Programs at Rowe Woods**
Select programs at Cincinnati Nature Center are free to teachers. To find out which ones qualify, sign up for our teacher newsletter at tinyurl.com/CNCteachernews.

**Teacher Trainings**
Cincinnati Nature Center offers a two-three day training for elementary teachers each summer. Check the website for details on topic and dates, or sign up for our teacher newsletter to be the first to hear about new programs. Customized nature-based trainings are also available at our location or yours for $75/hour. We offer scheduled trainings throughout the year, as well as shortened sessions for school or district in-services.

**Teacher Memberships**
All teachers who bring their students on a field trip to Cincinnati Nature Center will be offered a free individual membership (or a credit towards a higher membership level). Memberships will also be offered to teachers who participate in the Summer Teacher Retreat.

ANDFAQS

VIEW AVAILABLE DATES AND REGISTRATION LINKS ON THE SCHOOLS AND TEACHERS PAGE AT WWW.CINCYNATURE.ORG

1. Visit the schools and teachers page at www.CincyNature.org/Education to view available dates for the program of your choice. You can also contact Melissa Sabo if you have additional questions before scheduling. Applications are processed on a first-come, first-served basis, so early applications are more likely to receive preferred dates.

2. Complete the application that corresponds to the program of your choosing. Registration links can be found on our website at www.CincyNature.org/Education.

3. After your application is processed, you'll receive email confirmation with details for your program.

Pricing and Payment Information
Fees are due on the day of your program. If your school requires billing, please include a purchase order. A cancellation fee of $25 per scheduled date will be charged for schools canceling less than 45 days before their program. This does not apply to cancellations due to school closings, poor weather or dangerous road conditions.

Frequently Asked Questions

Q: May I bring more students?
A: A low student/teacher ratio is crucial to accomplish educational objectives. Group limits take into account logistical concerns, including the number of educators available, the number of trails and learning stations and the size of classroom spaces. In order for your students to have the highest quality educational experience possible, we ask that you adhere to the stated class size limitations.

Q: Are scholarships available?
A: Schools with more than 60% of their students in the Federal Free Lunch Program qualify for scholarships. Funds are dispersed on a first-come, first-served basis. For more information, call Melissa Sabo at (513) 831-1711, ext. 138.

Q: How does lunch work during our visit?
A: We encourage you and your students to pack lunches in reusable containers and lunch boxes that will travel to and from the Nature Center with you. Small groups will eat lunch at different times depending on the program requested. All garbage that you bring in for your visit will need to go back to school with you, so please bring garbage bags.

Q: If a parent is a Nature Center member, do they still need to pay for their child to attend a field trip?
A: Since our field trips provide special benefits that students would not have the opportunity to experience without Nature Center group leaders, Nature Center members and nonmembers pay the same program fee.

Q: Is there a fee for adult chaperones?
A: No. Adult chaperones and teachers are free of charge because they are essential to our program. All adults will participate in a brief orientation at the beginning of the day and are encouraged to be active participants in the field trip.
